Saskatchewan Canada

HUGE LAKES. TROPHY FISH.

Welcome to Saskatchewan, home to nearly 100,000 lakes and rivers, and some of the best freshwater fishing in North America. Hundreds of road-accessible and fly-in lodges usher you into a world of pristine wilderness, clear waters and giant, record-breaking fish.

Northern pike

Big northern pike can be found throughout Saskatchewan, but in the cool northern lakes, they can grow to monster size. It is one of the fiercest and most thrilling freshwater sport fish.

Walleye

Record-size walleye have been pulled from Saskatchewan lakes. The species prefers deeper waters and can be found throughout the province.

Lake trout

The only trout species native to Saskatchewan can be found in the cool, clear and deep lakes in the northern half of the province. Saskatchewan has boasted some huge catches.

Arctic grayling

Arctic grayling swim the cold, clear lakes and fast-moving streams of northern Saskatchewan. It is a

spectacular fighter, known to leap clear out of the water when hooked.

Largemouth bass

Boundary Dam Reservoir, in southeast Saskatchewan, is the only place to fish for largemouth bass. Other fishing opportunities and species are also available nearby.

Other species

Brown trout, rainbow trout, brook trout, yellow perch, smallmouth bass and 61 other species of fish inhabit Saskatchewan's waters.

GAME ON

Saskatchewan's hunting grounds rate five stars for rugged wilderness and opportunities for a trophy harvest.

Big bucks

Saskatchewan produces more record-breaking white-tailed deer than anywhere else in North America. A perfect mix of genetics and habitat means that your next hunt could be one for the record books.

Black bear

Roaming the northern forests down to the southeastern parts of the province, bears up to 500 lb. appear in a wide range of colour phases.

Moose

Western moose, averaging 1,300 lb., are found in Saskatchewan's northern forests and some southern locations.

Waterfowl

Saskatchewan has one of the largest duck populations in the world. Canada geese, snow geese, sandhill cranes and other waterfowl species also nest here.

Upland game birds

Sharp-tailed grouse, ruffed grouse and Hungarian partridge can be found on Saskatchewan's southern prairies. Licensed outfitters can guide you to the exclusive hunt of your dreams.

GET YOUR LICENCE

Anglers and hunters coming to Saskatchewan need to create a Hunting, Angling and Trapping Licence (HAL) identification online. This is a one-time requirement.

To create your HAL identification, go to: [Saskatchewanhal.ca](#).

Licences can be purchased through any one of the following methods:
1. The online hunting, angling and trapping (HAL) licensing system (noted above);
2. Any Saskatchewan hunting or angling licence issuer;
3. Select provincial park offices or at the Ministry of Environment;
4. By phone at 1-855-848-4773.

USE A LICENSED OUTFITTER

Get the most out of your next fishing or hunting adventure with the help of a seasoned outfitter. Discover more information about licensed outfitters at [FishHuntSask.com](#) or the Saskatchewan Commission of Professional Outfitters at [scpo.ca](#).

Big game hunters from outside of Saskatchewan, except Canadian resident non-guided black bear hunters or Canadian residents drawn for white-tailed deer, must

use the services of an outfitter. This includes guided hunts for moose, white-tailed deer and black bear.
